# Fork

## Target:

**Get to know:**

- Introduction to the data analysis process.

## Resources:

1) Udacity [Introduction to data analysis](#) course.

## What to do:

- Watch the videos in order. Meanwhile, take your notes carefully, either hardcopy or softcopy as you prefer. [**MANDATORY**]
- Upload all of the datasets in the Data folder to your Jupyter notebook tree.
- Read the instructions in each folder (if found).
- You need to run each notebook file you find.
- Submit the "assessing_quiz.ipynb" file.

## Evaluation:

**Notes:** 3 points

**Assessing Quiz:** 7 points

## Deadline:

3 Days.
